

I can't thank you enough for the one day trip to Mackinac Island (Aug 14). I took 2 teenage daughters to have some time together before school began and we all loved the entire day. I am sure you have received other good feedback as everyone seemed to enjoy the day immensely.

Anything we can do to support the One Day Trip concept - let us know. We have great pictures if you want to have some of those also.

Thanks for presenting and promoting another great idea! Hope to see more - especially another Mackinac Island trip!

Nancy
