

Privacy Policy

Introduction

The Greater Rockford Airport Authority (GRAA) and Chicago Rockford International Airport (RFD) is committed to maintaining your online privacy. The GRAA/RFD On-Line Privacy Policy applies to data collected for the GRAA/RFD web site. We do not collect personal information without your permission.

Information Gathering and Cookies

If you visit our website to read or download information, such as schedules, forms, brochures, we capture and store only the domain name of your computer (for example, aol.com), your browser type and version, and other related information to speed up the performance of web page delivery. All information is deleted from your cache memory when you close the session and leave our site. We collect no other personal information.

We do not use or set cookies on our web site to store any information on your personal computer hard drive. A cookie is a very small text file inserted onto your computer by a website that you visit. When you return to the website, the cookie is then read by the site's web server. Cookies are used for many things, from making web sites more personal to tracking your web browsing habits.

On-line Transactions

The GRAA/RFD allows on-line registration for our volunteer programs for AirFest, as well as the purchase of merchandise and tickets. Any information submitted online for these activities is subject to the same safeguards as if you had engaged in these activities in person rather than over the Internet.

Sending the GRAA/RFD Email

We value your feedback. If you sent the GRAA/RFD an email with questions or comments about our programs or services, we do collect your email address and any other information that you volunteer.

Sale of Data

We do not sell data for direct mail or advertising purposes.

Other Web Sites

This site contains links to other sites. The GRAA/RFD is not responsible for privacy practices or the content of such sites.
