

Thanks for this trip. We got to remove three things from our "Bucket List" all in one trip. 1) Go to New York State; 2) See Niagara Falls; 3) Go To Canada. Until July 3rd we have never done any of these. It was pretty awesome to do them all in one day. The day was perfect starting with that great breakfast that was served at the airport. Nice touch. The falls were breath taking.

Maybe we'll take another excursion in the future. Keep us posted. Would love to go to Mt Rushmore. Also, we think something in Colorado would be cool. Maybe fly to Denver and then have some type of tour set up to see sights there.

Thanks again,

Rick & Kathy
